

Safe Routes to School

2024 Construction Schedule

About the Project:

The proposed project consists of improvements for pedestrians within the service areas of Lincoln Elementary, Washington Elementary, and Sault Area Middle School in Sault Ste. Marie, Michigan. This project would also complement and continue the connection between a previous SRTS project at Bahweting Schools. Planning for this project began in 2018, and the reconfiguration of elementary classes between Lincoln Elementary, Washington Elementary,

and Sault Area Middle School was taken into consideration.

Project Partners:

Michigan Department of Transportation, Sault Area Schools, the Sault Ste. Marie Tribe of Chippewa Indians, Michigan State University, Michigan Fitness Foundation and the City of Sault Ste. Marie.

Progress:

Final design plans will be posted to this page when they become available.

This is a DRAFT and will be going through a number of reviews in the future:
